[Come to Think of It, I Haven't Introduced

These Characters] Corner

Sorry

KikuKawa Combo

Kawasaki Taku

Delinquent #41. The dumbest among the Souji characters.
He's dumb, so he's the easiest to move.
Just like me! (dumb)

Pierced his ear just because... Dumb!
Weak when it comes to fights. Weakest
fighter in the group.
Both his fists and mouth are weak. He's
dumb so he loses even in easy fights.

A member of Team Eyesdownless.
Wants to know it.

[Taku's Cuss Fight Voices]
Stupid
Get lost
Shut up
Dad

Kikuuchi Chihiro

Delinquent #42. The man whom I've
become fond of before I know it.
Poor kid.

Thinks piercings hurt so he doesn't
wanna get one. But he pierced Taku's
ear.
Pretty strong at fighting.
Probably stronger than Souji.
Has never fought with Souji before.

You can't really call his test scores good,
but he's pretty quick-witted.
Cunning, which makes him a hard to
move character.
Likes the color red.
It's the color of the leader but he's not
the main character.

I like you.

Your looks, I mean.
